Dear Ms Hure

**Proposed changes to the ASIC Derivative Transaction Rules (Reporting) 2024**

AFMA welcomes the opportunity to provide feedback to ASIC's *Proposed changes to the ASIC Derivative Transaction Rules (Reporting) 2024*.

We have circulated the proposed amendments widely within our membership and are pleased to advise that no concerns have been raised.

AFMA commends ASIC's completion of the project to update Australia's regime and align it with international reporting standards. From here as discussed, the industry anticipates a change in cadence and a move to more BAU arrangements in this area.

We look forward to working with ASIC in this area around ASIC's Simplification Agenda to find efficiencies for the industry and for ASIC.

Please do not hesitate to contact us for more information.

Yours sincerely

Damian Jeffree
